

CERTIFICATE

STORA ENSO TIMBER – Paikuse sawmill

belongs to the quality control of Inspecta Certification and it has been issued the licence to use the SFS control mark.

The licence to use the control mark concerns:

- BS 4978 Visual strength graded structural timber
- identification mark of the manufacturer: PA
- Machine strength graded structural timber
- identification mark of the manufacturer: DG 076
- strength classes: C16, C18, C24, C30 and TR26

The organisation has committed itself to comply with SFS instructions concerning quality assurance of construction products and valid statutory rules and instructions. Inspecta Certification regularly controls the compliance with the operational and product-specific requirements of the production.

Validity of quality control can be checked on the internet at
www.sertifiointi.fi.
